

INDOOR / OUTDOOR power LEDs for security systems and warning application. Sealed and Ip65 rated for installation in open air. 3 ore output cable for fixed or flashing light, are available in 5 different colours: red, green, amber, blue and white. Maximum visibility at 170° even from large distance.

Easy installation with just 2 screws and simple connection via 2 wires for steady light or 3 wires for flashing power light.

Mini size 58x58x20mm grants ideal installation on all type of surfaces and immediate visibility of the associated warning. The transparent housing makes these indicators almost invisible when off and easy-to-spot when on.

Technical:

Input voltage : 12 / 24 Vdc
 Absorption (steady light) : 35mAmps Red, Yellow
 42 mAmps Green, Blue, White
 Flashing frequency : 1Hz +/- 10% @12Vdc
 Temperature : -10°C / + 55°C

Physical:

Dimensions mm (dxdxH) : 58 x 58 x 20
 Cable length : 1 mt
 Ip rating : Ip65 (suitable for outdoor use)
 Housing : Polycarbonate
 Housing colour : Transparent

Compliance:

CE in accordance with 89/336 e 73/23EEC
